

Eminent Rotarians on the Roster of Hong Kong University Honorary Graduates

By Herbert K. Lau (劉敬恒) (Rotary China Historian)

1 August 2015

This article attempts to identify some of the Eminent Rotarians who have been on the roster of the Hong Kong University (香港大學) Honorary Graduates during the 20th Century or the first 95 years of Rotary.

The 20th century was dominated by significant events that defined the era: Spanish flu pandemic, World War I and World War II, nuclear weapons, nuclear power and space exploration, nationalism and decolonization, technological advances, and the Cold War and post-Cold War conflicts.

The 20th century saw a massive transformation of the world order: global total fertility rates, sea level rise, and ecological collapses increased; the resulting competition for land and dwindling resources accelerated deforestation, water depletion, and the mass extinction of many of the world's species and decline in the population of others; consequences which are now being dealt with. Man-made global warming increased the risk of extreme weather conditions.

The Hong Kong University's honorary degree is the highest accolade it can bestow on an individual, and is also one of its oldest and most cherished traditions. The honorary degree is awarded to individuals who have made valuable contributions to the world or to humanity, and also to those who have made significant contributions to academia, to Hong Kong or to the University.

These distinguished individuals may be awarded one of the five types of honorary degrees: Doctor of Laws *honoris causa* (名譽法學博士), Doctor of Letters *honoris causa* (名譽文學博士), Doctor of Science *honoris causa* (名譽科學博士), Doctor of Divinity *honoris causa* (名譽神學博士), and Doctor of Social Sciences *honoris causa* (名譽社會科學博士).
